

## PENN Entertainment Reports Fourth Quarter Results

WYOMISSING, PA (February 2, 2023) - PENN Entertainment, Inc. (“PENN” or the “Company”) (Nasdaq: PENN) today reported financial results for the three months and year ended December 31, 2022.

### 2022 Fourth Quarter Highlights:

- **Revenues** of \$1.6 billion, an increase of 0.8% year-over-year;
  - **Net income** of \$20.8 million and net income margin of 1.3%, as compared to net income of \$44.8 million and net income margin of 2.8% in the prior year;
  - **Adjusted EBITDAR** of \$468.3 million, a decrease of 2.5% year-over-year;
  - **Adjusted EBITDA** of \$438.3 million an increase of 18.8% year-over-year; and
  - **Adjusted EBITDAR** margins of 29.5%, a decline of 110bps year-over-year.
- **Omni-Channel, Tech-Forward Engagement Delivering Tangible Benefits**
  - **Strong Conclusion to Fourth Quarter Retail Operations; Momentum Continues Into January**
  - **Interactive Segment Achieves Profitable Quarter**
  - **Repurchased \$91.0 million of Common Stock at an Average Price of \$31.69 Under the February 2022 Share Repurchase Authorization**
  - **Initiates 2023 Guidance – Full Year Revenue Range of \$6.15 billion to \$6.58 billion and Adjusted EBITDAR Range of \$1.875 billion to \$2.0 billion**

For further information, the Company has posted a presentation to its website regarding the fourth quarter highlights and accomplishments, which can be found [here](#).

Jay Snowden, Chief Executive Officer and President, commented: “2022 was a solid year for PENN despite ongoing macroeconomic headwinds. I’m proud of PENN’s numerous financial and operational achievements in the past year as well as our continued progress on the ESG front. We remained focused on executing our leading omni-channel strategy, which drove database growth and further engagement with our expanding 21-44 year old cohort. Fourth quarter revenues of \$1.6 billion and Adjusted EBITDAR of \$468.3 million were impacted by severe weather in certain parts of the country in December. Importantly, we also achieved profitability in our Interactive segment notwithstanding an unfavorable sports betting outcome in the World Series. The quarter ended on a high note with strong performance between Christmas and New Year’s across the portfolio, which has continued through January. In 2023, we have numerous near-term growth opportunities, including the transition of the Barstool Sportsbook to our own proprietary technology platform in the U.S. this summer. For 2023, we are guiding to a revenue range of \$6.15 billion to \$6.58 billion and an Adjusted EBITDAR range of \$1.875 billion to \$2.0 billion<sup>1</sup>. This outlook

---

<sup>1</sup> 2023 revenue and Adjusted EBITDAR guidance does not include the acquisition of the remainder of Barstool Sports, which we expect will close on February 17.

reflects our momentum in both our Retail and Interactive segments and the potential for further economic headwinds as well as increased supply in a few of our markets.

### **Omni-Channel, Tech-Forward Engagement Delivering Tangible Benefits**

Property level highlights<sup>2</sup>:

- Revenues of \$1.4 billion;
- Adjusted EBITDAR of \$487.1 million; and
- Adjusted EBITDAR margins of 35.2%.

“Our focused marketing strategy, diverse product offerings and technology enhancements generated approximately 1.3 million new rated customers last year in our **mychoice** database. Approximately 300,000 of these guests signed up in the fourth quarter, representing a 15% year-over-year increase. Over 50% of the database growth this quarter came from our online offerings, and our emphasis on delivering high-quality customer experiences has led to a 25% increase in guests who engage with us across multiple channels. In addition, our 21-44 year-old demographic has steadily grown their share of total retail theoretical to 18.5% by year end. We also saw positive momentum in our **mychoice** app downloads and the adoption of our industry leading cashless, cardless and contactless technology (“3C’s”), which is now deployed at twenty-one properties representing approximately 70% of our retail EBITDAR. Our guests who use the digital wallet enjoy a better guest experience and demonstrate superior loyalty through increased visitation, time on device, and total theoretical.

### **Interactive Segment Achieves Profitable Quarter**

Interactive Segment highlights:

- Revenues of \$208.0 million (including tax gross up of \$82.9 million); and
- Adjusted EBITDA of \$5.2 million.

“Our Interactive segment generated positive Adjusted EBITDA for the quarter inclusive of expenses related to online sports betting launches in Maryland and Ohio and unfavorable hold driven by VVIP play. Following our successful playbook in Kansas and Maryland, our omni-channel marketing approach in Ohio led to one of our strongest launches to date of our Barstool Sportsbook. Our deep customer database, retail footprint, and powerful Barstool Sports marketing engine contributed to a record number of first-time depositors at launch this January despite minimal external marketing expense. Meanwhile, in Ontario, theScore Bet continues to experience strong momentum, achieving record gaming revenue in December for both sports betting and iCasino. The transition to our proprietary technology platform last summer has resulted in higher customer engagement and a noticeable increase in hold rates. Greater control over our product offering and advanced promotional capabilities is contributing to encouraging retention metrics and cross-sell rates to iCasino. Looking ahead, we remain on-track to migrate the Barstool Sportsbook and Casino to our proprietary technology solution this summer. In addition to expected cost synergies, our Ontario success suggests that there is meaningful revenue potential post-migration once we are able to leverage our advanced trading and promotional tools. Finally, we are excited about our recent launch of the Barstool Sportsbook in Massachusetts at Plainridge Park Casino and are looking forward to our launch of online sports betting in March.

## **Compelling Media Content With New Verticals**

“Despite well-known headwinds in the digital media space, theScore’s media business and Barstool Sports continue to produce impressive revenue and engagement results, driven by compelling content and an exceptional product experience. theScore’s mobile media audience is more engaged than ever with both quarterly and annual user session growth. In addition, we completed the initial integration of the Barstool Sportsbook into theScore media app in October, highlighting the benefits of our owned media strategy. We are also excited about the upcoming acquisition of the remainder of Barstool Sports, which we expect will close February 17. Barstool achieved record revenue in 2022 while investing in and expanding into new verticals, including coverage of live sporting events such as the Barstool Invitational college basketball tournament on November 11 and the Arizona Bowl on December 30. The combination of Barstool’s vast, loyal audience with theScore’s fully integrated media and betting platform will provide us with compelling competitive advantages and organic cross-selling opportunities.

## **ESG – Caring for our People, our Communities and our Planet**

“During the fourth quarter, we finalized our Scope 1 and 2 greenhouse gas emissions assessment, which along with our inaugural Sustainability Accounting Standards Board (“SASB”) disclosure, will be released in April in conjunction with our upcoming FY2022 Corporate Social Responsibility Report. In addition, we completed our companywide diversity, equity, and inclusion training and will soon begin a second phase of training focused on our leadership teams. Finally, we are proud to report that PENN Interactive received ‘RG Check iGaming Accreditation’ from the Responsible Gambling Council for its online gaming operations. PENN Interactive is the first U.S. operator to undergo this accreditation process, which is widely regarded as one of the most comprehensive responsible gambling accreditation programs in the world.”

## **Share Repurchase Authorization Update**

On December 6, 2022, the Company’s Board of Directors authorized a new \$750 million share repurchase program which expires on December 31, 2025 and is incremental to the Company’s existing \$750 million share repurchase program authorized in February 2022.

During the three months ended December 31, 2022, the Company repurchased 2,870,894 shares of its common stock in open market transactions for \$91.0 million at an average price of \$31.69 per share.

Subsequent to the year ended December 31, 2022, the Company repurchased 1,008,744 shares of its common stock at an average price of \$31.20 per share for an aggregate amount of \$31.5 million. The remaining availability under our February 2022 authorization was \$117.8 million and \$750.0 million under our December 2022 authorization as of February 1, 2023.

## **Liquidity Remains Strong**

Total liquidity as of December 31, 2022 was \$2.6 billion inclusive of \$1.6 billion in cash and cash equivalents. Traditional net debt as of the end of the quarter was \$1.1 billion, an increase of \$189.6 million from December 31, 2021 due to a lower cash balance reflecting recent activity under our share repurchase program. Lease-adjusted net leverage as of December 31, 2022 was 4.4x compared to 4.1x as of December 31, 2021.

Additional information on PENN’s reported results, including a reconciliation of the non-GAAP results to their most comparable GAAP measures, is included in the financial tables below. The Company does not provide a reconciliation of projected Adjusted EBITDA and Adjusted EBITDAR because it is unable to

predict with reasonable accuracy the value of certain adjustments that may significantly impact the Company's results, including realized and unrealized gains and losses on equity securities, re-measurement of cash-settled stock-based awards, contingent purchase payments associated with prior acquisitions, and income tax (benefit) expense, which are dependent on future events that are out of the Company's control or that may not be reasonably predicted.

## Summary of Fourth Quarter Results

<i>(in millions, except per share data, unaudited)</i>	<b>For the three months ended December 31,</b>	
	<b>2022</b>	<b>2021</b>
<b>Revenues</b>	\$ 1,585.6	\$ 1,572.5
<b>Net income</b>	\$ 20.8	\$ 44.8
<b>Adjusted EBITDA <sup>(1)</sup></b>	\$ 438.3	\$ 369.0
Rent expense associated with triple net operating leases <sup>(2)</sup>	30.0	111.5
<b>Adjusted EBITDAR <sup>(1)</sup></b>	\$ 468.3	\$ 480.5
Payments to our REIT Landlords under Triple Net Leases <sup>(3)</sup>	\$ 231.9	\$ 228.8
<b>Diluted earnings per common share</b>	\$ 0.13	\$ 0.26

(1) See the "Non-GAAP Financial Measures" section below for more information as well as the definitions of Adjusted EBITDA and Adjusted EBITDAR. Additionally, see below for reconciliations of these Non-GAAP financial measures to their GAAP equivalent financial measure.

(2) Consists of the operating lease components contained within our triple net master lease dated November 1, 2013 with Gaming and Leisure Properties, Inc. (Nasdaq: GLPI) ("GLPI") and the triple net master lease assumed in connection with our acquisition of Pinnacle Entertainment, Inc. (individually referred to as the PENN Master Lease and Pinnacle Master Lease, respectively, and are collectively referred to as our "Master Leases"), as well as our individual triple net leases with GLPI for the real estate assets used in the operation of Tropicana Las Vegas Hotel and Casino, Inc. (terminated on September 26, 2022) and Hollywood Casino at The Meadows, and our individual triple net leases with VICI Properties Inc. (NYSE: VICI) ("VICI") for the real estate assets used in the operations of Margaritaville Resort Casino and Hollywood Casino at Greektown (referred to collectively as our "triple net operating leases").

On January 14, 2022, the Company and GLPI amended certain terms of the Master Leases which were concluded to be lease modifications under Accounting Standards Codification Topic 842, "Leases." As a result of the lease modification events, only the land and building components associated with the operations of Hollywood Gaming at Dayton Raceway and Hollywood Gaming at Mahoning Valley Race Course are classified as operating leases which are recorded to rent expense, as compared to prior to the lease modification events, whereby the land components of substantially all of the Master Lease properties were classified as operating leases and recorded to rent expense. Subsequent to the lease modification events, the land components associated with the Master Lease properties are primarily classified as finance leases.

(3) Consists of payments made to GLPI and VICI (referred to collectively as our "REIT Landlords") under the Master Leases, the Perryville Lease, the Meadows Lease, the Margaritaville Lease, the Greektown Lease and the Morgantown Lease. Although we collectively refer to the Master Leases, the Perryville Lease, the Meadows Lease, the Margaritaville Lease, the Greektown Lease, the Morgantown Lease and the Tropicana Lease as our "Triple Net Leases," the rent under the Tropicana Lease was nominal prior to lease termination.

(1) Our cash-settled stock-based awards are adjusted to fair value each reporting period based primarily on the price of the Company's common stock. As such, significant fluctuations in the price of the Company's common stock during any reporting period could cause significant variances to budget on cash-settled stock-based awards.

(2) During the first quarter of 2021, acquisition costs were included within pre-opening and acquisition costs. Beginning with the quarter ended June 30, 2021, acquisition costs are presented as part of other expenses.

(3) Amount primarily relates to \$116.4 million of impairment charges in the Northeast segment.

(4) Consists principally of interest expense, net, income taxes, depreciation and amortization, and stock-based compensation expense associated with Barstool and our Kansas Entertainment, LLC joint venture. We record our portion of Barstool Sports' net income or loss, including adjustments to arrive at Adjusted EBITDAR, one quarter in arrears.

(5) Consists of non-recurring acquisition and transaction costs, and finance transformation costs associated with the implementation of our new Enterprise Resource Management system.

- (2) Other long-term obligations as of December 31, 2022 primarily includes \$27.4 million related to relocation fees due for both Hollywood Gaming at Dayton Raceway and Hollywood Gaming at Mahoning Valley Race Course, and \$10.7 million related to our repayment obligation on a hotel and event center located near Hollywood Casino Lawrenceburg.
- (3) Represents cash proceeds received and non-cash interest on certain claims of which the principal repayment is contingent and classified as a financing obligation under Accounting Standards Codification Topic 470, "Debt."
- (4) On January 1, 2022, the Company adopted ASU 2020-06, which resulted in a net \$71.7 million reclassification of the equity component originally recognized as a debt discount under the previously bifurcated cash conversion feature of the 2.75% convertible senior notes due May 2026. Under ASU 2020-06, bifurcation for a cash conversion feature is no longer permitted. Additionally, we incurred debt discounts and debt issuance costs due to the May 2022 refinancing of our Senior Secured Credit Facilities.
- (5) Traditional net debt in the table above is calculated as "Total traditional debt," which is the principal amount of debt outstanding (excludes the financing obligation associated with cash proceeds received and non-cash interest on certain claims of which the principal repayment is contingent) less "Cash and cash equivalents." Management believes that Traditional net debt is an important measure to monitor leverage and evaluate the balance sheet. With respect to Traditional net debt, cash and cash equivalents are subtracted from the GAAP measure because they could be used to reduce the Company's debt obligations. A limitation associated with using traditional net debt is that it subtracts cash and cash equivalents and therefore may imply that there is less Company debt than the most comparable GAAP measure indicates. Management believes that investors may find it useful to monitor leverage and evaluate the balance sheet.

## Non-GAAP Financial Measures

The Non-GAAP Financial Measures used in this press release include Adjusted EBITDA, Adjusted EBITDAR, and Adjusted EBITDAR margin. These non-GAAP financial measures should not be considered a substitute for, nor superior to, financial results and measures determined or calculated in accordance with GAAP.

We define Adjusted EBITDA as earnings before interest expense, net; interest income; income taxes; depreciation and amortization; stock-based compensation; debt extinguishment charges; impairment losses; insurance recoveries, net of deductible charges; changes in the estimated fair value of our contingent purchase price obligations; gain or loss on disposal of assets; the difference between budget and actual expense for cash-settled stock-based awards; pre-opening expenses; and other. Adjusted EBITDA is inclusive of income or loss from unconsolidated affiliates, with our share of non-operating items (such as interest expense, net; income taxes; depreciation and amortization; and stock-based compensation expense) added back for Barstool Sports, Inc. (“Barstool”) and our Kansas Entertainment, LLC joint venture. Adjusted EBITDA is inclusive of rent expense associated with our triple net operating leases (the operating lease components contained within our triple net master lease dated November 1, 2013 with Gaming and Leisure Properties, Inc. (Nasdaq: GLPI) and the triple net master lease assumed in connection with our acquisition of Pinnacle Entertainment, Inc., our individual triple net leases with GLPI for the real estate assets used in the operations of Tropicana Las Vegas Hotel and Casino, Inc. (terminated on September 26, 2022) and Hollywood Casino at The Meadows, and our individual triple net leases with VICI Properties Inc. (NYSE: VICI) for the real estate assets used in the operations of Margaritaville Resort Casino and Hollywood Casino at Greentown). Although Adjusted EBITDA includes rent expense associated with our triple net operating leases, we believe Adjusted EBITDA is useful as a supplemental measure in evaluating the performance of our consolidated results of operations.

Adjusted EBITDA has economic substance because it is used by management as a performance measure to analyze the performance of our business, and is especially relevant in evaluating large, long-lived casino-hotel projects because it provides a perspective on the current effects of operating decisions separated from the substantial non-operational depreciation charges and financing costs of such projects. We present Adjusted EBITDA because it is used by some investors and creditors as an indicator of the strength and performance of ongoing business operations, including our ability to service debt, and to fund capital expenditures, acquisitions and operations. These calculations are commonly used as a basis for investors, analysts and credit rating agencies to evaluate and compare operating performance and value companies within our industry. In order to view the operations of their casinos on a more stand-alone basis, gaming companies, including us, have historically excluded from their Adjusted EBITDA calculations of certain corporate expenses that do not relate to the management of specific casino properties. However, Adjusted EBITDA is not a measure of performance or liquidity calculated in accordance with GAAP. Adjusted EBITDA information is presented as a supplemental disclosure, as management believes that it is a commonly used measure of performance in the gaming industry and that it is considered by many to be a key indicator of the Company’s operating results.

We define Adjusted EBITDAR as Adjusted EBITDA (as defined above) plus rent expense associated with triple net operating leases (which is a normal, recurring cash operating expense necessary to operate our business). Adjusted EBITDAR is presented on a consolidated basis outside the financial statements solely as a valuation metric. Management believes that Adjusted EBITDAR is an additional metric traditionally used by analysts in valuing gaming companies subject to triple net leases since it eliminates the effects of variability in leasing methods and capital structures. This metric is included as a supplemental disclosure

because (i) we believe Adjusted EBITDAR is traditionally used by gaming operator analysts and investors to determine the equity value of gaming operators and (ii) Adjusted EBITDAR is one of the metrics used by other financial analysts in valuing our business. We believe Adjusted EBITDAR is useful for equity valuation purposes because (i) its calculation isolates the effects of financing real estate; and (ii) using a multiple of Adjusted EBITDAR to calculate enterprise value allows for an adjustment to the balance sheet to recognize estimated liabilities arising from operating leases related to real estate. However, Adjusted EBITDAR when presented on a consolidated basis is not a financial measure in accordance with GAAP, and should not be viewed as a measure of overall operating performance or considered in isolation or as an alternative to net income because it excludes the rent expense associated with our triple net operating leases and is provided for the limited purposes referenced herein. Adjusted EBITDAR margin is defined as Adjusted EBITDAR on a consolidated basis (as defined above) divided by revenues on a consolidated basis. Adjusted EBITDAR margin is presented on a consolidated basis outside the financial statements solely as a valuation metric.

Each of these non-GAAP financial measures is not calculated in the same manner by all companies and, accordingly, may not be an appropriate measure of comparing performance among different companies. See the table above, which presents reconciliations of these measures to the GAAP equivalent financial measures.
